## Professional Summary

"Fresher web developer with skills in HTML, CSS, JavaScript, and ReactJS. Frameworks like Bootstrap, TailwindCSS and Bulma. Passionate about building responsive websites and eager to grow in a professional environment."

---

## Career Objective

"Seeking a web developer role to apply my skills in front-end development while continuously learning and contributing to innovative projects."

---

## Work Experience

### Unified Mentor Pvt. Ltd. | 1 Month Internship (Remote)

- Designed and developed responsive web pages using HTML5, CSS3, JavaScript and Bootstrap.
- Integrated modern UI components with TailwindCSS.
- Partnered with senior developers to enhance website speed, accessibility, and design quality.
- Created two projects with HTML CSS and JAVASCRIPT
  - Image slider :- A responsive simple image slider. Added toggle buttons to slide images.
  - Calculator :- Basic responsive and functional calc. Functional to do all basic arithmetic operations

### Plutorooms | 1-Month Remote Internship

- Built and optimized production-ready UI components by translating detailed Figma designs into scalable **React.js** and **Tailwind CSS** code within a **Next.js** environment.
  - Contributed to front-end development workflows, implemented responsive layouts, and ensured pixel-perfect UI integration for live deployments.
  - Enhanced understanding of Next.js fundamentals, including file-based routing and SSR/SSG concepts, while delivering features on a tight timeline.
- 

## Education

### Bachelor of Computer Applications (BCA)

LS & SS Patkar Varde College Goregaon | 2019

---
